## Beggars—The Improvident—Effective Relief.

A friend to the PENNY PRESS, whose heart and whose signature is "Charity," regrets that an article on "Mendicancy," written by us a few days since, expresses our views. The writer of the note conveying these regrets, evidently mistakes our meaning. Instead of refusing to relieve actual distress, or aid the starving, we would hunt up the real poor, those in actual suffering, and administer to them relief. We, however, would have our charity effective—we respect the weight of the argument that early education has great force in producing improvidence. Those in real distress, however caused, we would not despise nor neglect. But we know that there are undeserving persons imposing on the deserving—those who cheat you in begging your money, and are such as "Charity" is as likely to relieve as those in need. The deceiver puts on the appearance of great distress. He frequents, in the habitations of woe, the thoroughfares and places of public resort, and secures in a short while from small pittance a large sum of money.

Children are systematically trained to beg about the streets; and older persons having charge of them send the little girls and little boys from house to house to beg, as a business. We may be mistaken in the policy of excluding professional beggars from the street, but we do not counsel an abandonment of the suffering. We propose a conference of the officials engaged in municipal care of the unfortunate with the Directors of the House of Refuge, the City Missionaries, the Relief Union, the Mayor, the Senators and Representatives elect, and the active citizens who are engaged in systematic benevolence. Let them converse upon this important subject—the discouragement of professional begging, the best mode of administering relief to the suffering, and as to the education for neglected youth. Let the charitable meet on Monday, half past three P. M., on Fourth-street, over book-store of Moore, Wristach & Kers. An adjourned meeting to organize a Cincinnati Aid Society, and a Cincinnati Industrial School, will be held in that place—the hall of the Young Men's Christian Union—at that time.

## The Name of Cincinnati on the Hills.

The mechanics and manufacturers of our city may be assured that the posters of certain railroad companies, heretofore omitting the name of Cincinnati on the through route from West to East, will hereafter have said name fully displayed thereon. It is as plain as a nose on a man's face, that every branch of business, including that of the daily laborer and mechanic, will be profited by the connection of the Front-street depots. Quick trips of freight are indispensable in the competition of cities. By Northern routes, goods have reached St. Louis from the East the same hour that the train by the Ohio and Mississippi Railroad was ready to start over Mill-creek on its way to St. Louis.

Progress is the word—speed is the demand. A new era approaches for a brisk trade and profitable transportation by the Cincinnati route. Be generous and liberal, property-holders along the contemplated line; it is manifest destiny that the connection must be consummated, and it is a sure thing, if properly conducted, that it will prove of incalculable value to Cincinnati as a trade center of the West. We candidly believe that the City Council's action in favor of "connection," will bring sufficient additional wealth to tax to pay every dollar lost by loans to railroads.

## The News.

The steamship Canada, now due, had at last arrived not been signaled. Tax Bureau's successful horse-racing puts money in his purse. "Priors" beat the English horse "Toxopholite," winning a purse of \$5,000. The river at Pittsburgh is falling—five feet water in the channel. The latest news of the New York election gives hopes to the friends of the Union ticket that their candidate for Secretary of State, also the Engineer, is elected. Fearing the claws of a cat in a velvet paw, Dr. S. G. How, whose name rumor had mingled with the events at Harper's Ferry, has taken an early train to Canada. There is considerable excitement in Charleston, Virginia, occasioned by rumors of an intended rescue of OSWATIMOS BROWN. The Mayor has issued a proclamation that strangers who cannot give a satisfactory account of themselves will be placed under arrest. Four or five barns and other buildings have been burnt in the neighborhood, as is supposed by sympathizers of BROWN. Troops occupy the town. We who are not subjected to the fears and apprehensions which beset slaveholders thereabouts, cannot realize the full force of events there occurring.

## Turn-outs and Turn-rounds.

The resolution to grant street-railroads permission to lay down turn-outs is the special order for the next meeting of the City Council. "Turn-outs" have been demanded—"turn-rounds" may be demanded. We mean, if the plan be a proper one, to arrange for two tracks, by laying a single line of iron on each side of the present rails, then "turn-round" the iron on the present rails, thus making it unnecessary, in laying double track, to take up the wooden sleepers on which the present rails are laid. This may not be the best mode to lay a double track in some streets, but Council may deem it proper to allow two tracks instead of turn-outs.

## City Indebtedness.

In 1855 the City Treasury will have to be relieved of \$750,000 to redeem bonds then due. The half-mill Sinking Fund now provided for, realizes about \$30,000 per annum—at which rate in six years, \$300,000 will be added to the \$185,000 now on hand. The Legislature will have to be invoked to allow this city to levy a mill instead of half a mill tax for the Sinking Fund. It would be impolitic to re-issue the bonds.

## Advance in Sugar and Molasses.

Advices by private dispatches from New Orleans, reported in Louisville Journal of yesterday, announce that serious damage by frost has occurred to the sugar cane on the coast. Primes sugar at New Orleans is quoted at 7½, fully fair at 7¼, and molasses at 41c.

### Excitement in Virginia.

Attempted Rescue of Brown Expected.

RICHMOND, November 17.—Reports have been received here to-day from Charleston, stating that an attempted rescue of BROWN was expected and created great excitement. The military of this city are under arms ready to march at a moment's warning.

ALEXANDRIA, November 17.—Great excitement exists in this city in consequence of a rumor which is in circulation that the rescue of BROWN has been, or is about to be attempted. Volunteers are assembling at the armories.

WASHINGTON, November 17.—A rumor was circulated here to-day that BROWN's rescue was attempted, but it fell still-born. The Richmond dispatch states that Edward Moffitt, who was arrested at Lynchburg as a suspected participant in BROWN's rescue, has been released for want of evidence.

Identifying parties have proceeded to Wytheville for the purpose of examining another suspected fugitive. Several suspected parties, mostly northern peddlars, have recently been arrested at Culpepper Court-house, and it appears to be the intention of the authorities to place in confinement all who cannot give a good account of themselves.

A dispatch was received at Richmond this evening from Col. Davis, at Charleston, to Gov. Wise, requesting him to send immediately two companies of cavalry, and stating that five barns and out-houses had been fired to-day, it was supposed, by sympathizers with BROWN.

### Fugitive-Slave Case.

BARNESVILLE, MISS., November 17.—The case of the fugitive slave, Columbus Jones, was resumed. The prosecution concluded their case. The defense contended that the slave was an involuntary deposit in the hands of Capt. Bacon, which he was bound in common law to keep safely and return. About twenty-five witnesses were examined. The defense put in, as evidence, a deposition taken in Florida. Objections to the testimony were made. Every point and much testimony was excluded. The question whether the subsequent ratification of the acts of the defendant by the owner of the slave would have the effect of an original agreement, was discussed and decided against the defendants.

### Additional Mexican News.

WASHINGTON, November 17.—The Southern mail furnishes the New Orleans Picayune of the 12th inst., from which the following items of news are obtained:  
The gale on the Gulf lasted for ten days. Elpre Gresso says, two conductors of specie, amounting to \$3,000,000, had left San Luis for the Rio Grande, and they were feared to be in danger from the marauding parties.  
Robles has lost ground with the Church party, who suspected him of the intention of playing false. It was added in a postscript to a letter to the Picayune from Vera Cruz, that Doblado had just entered Guajuato with seven thousand men.

### Later from Pike's Peak.

LEAVENWORTH, November 17.—The Express from Denver City, with advices to the 10th inst., has arrived, bringing \$10,000 in treasure. The Provisional Government had gone into full operation by the organization of both branches of the Legislature. Steele, the Governor elect, delivered a message, in which he argues the necessity of the present form of government until Congress shall take action in reference to the Territory. The miners continue to work in several localities, and many were preparing for winter diggings.

### River News.

PITTSBURGH, November 17.—River six feet seven inches by the pier-mark, and falling. Weather clear and pleasant.  
PITTSBURGH, November 17.—P. M.—River five feet nine inches by the pier-mark, and falling.  
St. Louis, November 17.—P. M.—River fallen about an inch at this point in the last twenty-four hours. Nothing new from the upper streams. It has rained steady here all day and promises to continue all night.  
LOUISVILLE, November 17.—P. M.—River rising slowly, with scant four feet in the Canal.

### New York Election.

ALBANY, November 17.—The official returns received up to seven o'clock this evening give Jones, Democrat and Utica, for Secretary of State, 1,270 maj.; V. R. Richmond, Democrat and Utica, for State Engineer, 2,170 maj.; W. L. Skinner, Democrat and Utica, for Canal Commissioner, 248 maj., and D. P. Forrest, Republican, for Prison Inspector, 131 maj.  
LATER.—The returns now favorable to the election of Chapin, Republican, for Canal Commissioner.

### From Boston.

BOSTON, November 17.—It is stated that Dr. S. G. How has gone to Canada. His friends disclaim any connection on his part with the Harper's Ferry plot.  
Geo. A. Barnham, late liquor agent, was arraigned this morning before the Superior Court on the charge of adulterating the State liquor. He pleaded not guilty, and was held in \$5,000 bonds for trial.  
John Mansfield & Co., boot and shoe dealers, have failed. Liabilities \$200,000.

### Safety of the North Star.

NEW YORK, November 17.—Information has been received of the safety of the steamer North Star. She went ashore on French Keys on the 24th ult., where she remained seven days, and then got off without assistance. She proceeded on her voyage to Aspinwall on the 24th inst.

The above information is contained in a letter from Nassau, N. B., received at Charleston, S. C.

### From New Mexico.

LEAVENWORTH, November 17.—A. D. Richardson, of the Boston Journal, who has just arrived here from New Mexico and the Pike's Peak region, reports great excitement throughout New Mexico, on account of the recent Indian outrages.

Fifteen returning Pike's Peak emigrants, while coming down the Rio Grande in boats, were drowned within a short period.

### Destructive Fires.

AUGUSTA, GA., November 17.—A fire last night at Augusta, destroyed several new stores on Whitehall-street. Loss \$100,000. Two children were burnt.

At Griffin, a fire consumed six fine stores on Main-street, and a warehouse containing 400 bales of cotton. Loss \$75,000.

### From Washington.

WASHINGTON, November 17.—It was officially announced this morning that tobacco and corn are excluded from the list of free imports at the Canary Islands. Both articles are still subject to heavy duties.

### The Latest from Brownsville.

NEW ORLEANS, November 17.—A gentleman who left Brownsville on the 4th inst. reports to the True Delta that the town had not then been attacked by Cortinas, but a demonstration was hourly expected.

### Death of Prominent Citizens.

MONTGOMERY, ALA., November 17.—John H. Murphy and William Larkin, prominent business men of this city, died on Wednesday last.

### Death of Ex-Governor Gilmer.

AUGUSTA, GA., November 17.—Ex-Governor Gilmer died at Lexington, Ga., on Wednesday, after several months' illness.

### No Signs of the Canada.

SACKVILLE, November 17.—There were no signs of the Canada at Halifax this evening.

THE GREATEST WONDER

OF THE AGE.—The only really efficacious article ever discovered for the cure of eruptive diseases of all kinds, an article that shows to every person that need it or has used it, that it is the KING OF ALL REMEDIES.

No one doubts its efficacious qualities. A strange, uncommon fact, not known in the history of any other article.

Palmer's Vegetable Cosmetic Lotion

is the article referred to. From the slight prickly-heat, to the most violent, unsightly and distressing eruptive diseases, its curative properties are made equally manifest.

Eruptions of the Face, Tetter, Ringworm, Barber's Itch, Scaly, Itching, Irritating, or Pustulous eruptions of all kinds are cured by it.

The most flattering testimonials are pouring in from all quarters, its fame having spread over not only the whole Western country, but the East also.

Price 50 cents, or six bottles for \$2.50.

Prepared only by SOLON PALMER, Agent, no16 No. 36 West Fourth-street.

DIYPESIA AND COSTIVE-

NESS.—Cincinnati, October 12, 1859.—For many years I have suffered from dyspepsia, joined to an obstinate constipation of the bowels. In the same time I have been obliged every few days to take some active purge. I found no permanent relief until, within a few months, I began using PERUVIAN SYRUP.

I found my lower limbs, which troubled me very much, now entirely gone. I am persuaded these beneficial effects have resulted from the use of PERUVIAN SYRUP.

SPALDING'S PREPARED GLUE!

SPALDING'S PREPARED GLUE!

SAVE THE PIECES!

ECONOMY! DISPATCH!

As accidents will happen, even in well-regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

Moe's all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for liming chairs, splintering veneers, headless nails and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically held in solution, and possessing all the valuable qualities of the best cabinet-makers' glue. It may be used in the place of ordinary muddage, being vastly more adhesive.
